

Decubal® Intensive Cream

Product type:

- Extra nourishing and moisturising cream rich in lipids
- Re-hydrates, repairs and softens even very dry and damaged skin leaving the skin soft and smooth
- Suitable for protection against harsh weather conditions
- Contains:
 - Vitamin B3 that helps rebuild the natural skin barrier by stimulating the biosynthesis of the intercellular lipids
 - Ceramides that help replenish the intercellular lipids
 - Jojoba oil that calms and soothes the skin
- Pleasant to use
- Fragrance free - no preservatives

Use:

Problem solver:

- For patients suffering from very dry skin
- For conditions such as eczema, atopic dermatitis and psoriasis

pH value: 5 Fat content: 70%
